

BID NO: RFP/NSDC/Academy/2026/53

Date: 30-July-26

Corrigendum -1

Reference: RFP BID NO: RFP/NSDC/Academy/2026/53 for Onboarding an AWS Training Partner (ATP) for implementation of the Advanced Skilling Centre (ASC) under the Centre for Future Skills.

With reference to the captioned subject matter, following Correction to the RFP document is being issued:

Sl. No.	Clause number / Reference	Existing clause	To be read as
1	ELIGIBILITY CRITERIA: 5.3	Bidder should be an Authorized training partner of AWS from minimum 5 years as on date of bid submission. Bidder should be amongst the top two partner tiers of the proposed CSP. Documents/ Copies to be submitted Confirmation from AWS stating the partner tier name, definition and tenure of partnership with MSP (On CSP's letterhead). - Valid ATP authorizations Certificate/letter	The Bidder must be a duly authorised AWS Training Partner (ATP) under the AWS Partner Network as on the date of bid submission, holding a valid and subsisting ATP authorisation free of any issues — that is, not under suspension, revocation, disciplinary restriction, breach notice, or pending termination by AWS or its affiliates. Documents/ Copies to be submitted -Valid ATP authorization certificate/letter; extract of listing on AWS Partner Solutions Finder; AWS Authorisation Confirmation Letter as per Annexure VII; self-declaration of unencumbered ATP status
2	Financial Bid Formats Annexure-IV	All-inclusive Rate per AWS Skill Builder Team Subscription (named-user, 3-year tenure) — including catalogue access, role-based learning paths, Builder Labs, Cloud Quest, Jam events, assessments, knowledge checks, digital badges and micro-credentials; and the integration, curriculum mapping, on-campus/on-prem delivery support, AI-based engagement, catalog and batch management, dashboarding, SME engagement, and quarterly reporting services	All-inclusive Rate per AWS Skill Builder Team Subscription (named-user, 1-year tenure) — including catalogue access, role-based learning paths, Builder Labs, Cloud Quest, Jam events, assessments, knowledge checks, digital badges and micro-credentials; and the integration, curriculum mapping, on-campus/on-prem delivery support, AI-based engagement, catalog and batch management, dashboarding, SME engagement, and quarterly reporting services
3	Clause No 25	Sub-Contracting: Subcontracting of some or whole of the service is not allowed	Procurement of AWS Skill Builder Team Subscription licences and related AWS arrangements from

Sl. No.	Clause number / Reference	Existing clause	To be read as
			AWS and engagement of AWS-certified trainers for delivery of on-campus/on-prem training support and SME engagement sessions, engagement of specialist LMS or technology providers strictly for integration. The above Sourcing will be allowed
4	Clause No 10/ Annexure-IV	Content and curriculum-the content to be taught in K-12 and integrated in degree programs in HEIs	The reference "K-12" is read as deleted from RFP. The target learner cohort already defined at TOR Clause 1.1 (Annexure VI), namely BTech, polytechnic and ITI learners
5	Terms of Reference: 4.2	4.2 LMS Integration and Student Journey Tracking. Integration of Skill Builder with the Programme LMS, including: enrolment APIs/single sign-on, content surfacing, completion and lab event capture, badge and assessment data capture, and continuous synchronisation of learner activity from Skill Builder into the Programme LMS and NSDC's dashboards	4.2 Student Journey Tracking and Reporting: The Selected Bidder shall track the learner journey through AWS Skill Builder, including user provisioning, enrolment, module progression and completion, lab participation and completion, badge progress, assessment status, and certification readiness, to the extent such information is made available through AWS Skill Builder. The Bidder shall provide NSDC with consolidated learner-progress reports at least once every fortnight in an agreed format, in addition to the quarterly reporting deliverable prescribed under Clause 4.12. Any API-based integration, single sign-on or automated data synchronisation with the Programme LMS or NSDC dashboards may be undertaken as a subsequent enhancement, subject to technical feasibility, availability of required interfaces and approvals from AWS and NSDC." This amendment aligns Clause 4.2 with the actual extent of administrative and reporting capability made available through the AWS Skill Builder Team Subscription, and avoids prescribing a technical integration commitment that an ATP may not have the authority or platform capability to guarantee.
6	Terms of Reference	Programme Objective 3(b), Page 23: "Integrate Skill Builder Team Subscription License content, labs, badges, and assessments into the	Align and incorporate AWS Skill Builder Team Subscription content, labs, badges and assessments within the Programme structure and

Sl. No.	Clause number / Reference	Existing clause	To be read as
		Programme LMS and delivery ecosystem."	delivery ecosystem, subject to the capabilities and usage terms of AWS Skill Builder.
7	Terms of Reference	NSDC Roles and Responsibilities, Page 25: "Co-design participation in LMS integration, candidate journey design, branding, and reporting views."	Co-design participation in curriculum mapping, candidate journey design, programme branding, reporting formats and dashboard views.
8	Terms of Reference: Page 25:	Selected Bidder (ATP) Responsibilities, Page 25: "LMS integration, Skill Builder configuration, batch management, and named-user provisioning for the 1-year tenure of each Subscription	AWS Skill Builder configuration, cohort and batch management, named-user provisioning, learner-progress tracking and periodic reporting for the one-year tenure of each Subscription."
9	Terms of Reference	Clauses 4.4, 4.5, 4.6 and other related provisions requiring badges, lab events, assessment scores or progression data to be "captured into the Programme LMS."	Wherever such wording occurs, it shall be read as: "The Selected Bidder shall track and report the relevant badge, lab, assessment and learner-progression information available through AWS Skill Builder. Automated transmission or synchronisation with the Programme LMS or NSDC dashboards shall be subject to the availability of supported interfaces and mutual technical feasibility."

- Note: All other terms and conditions of the RFP remain same.
