This section defines the **scope, objectives, deliverables, and responsibilities**. It sets the foundation of the engagement.

1) Background

National Skill Development Corporation (NSDC) under the aegis of Ministry of Skill Development and Entrepreneurship is implementing setting up of Skill India International Centres (SIICs).

SIICs are envisaged as nodal one stop physical hubs for catering to the entire lifecycle of skill-based immigration. This includes a gamut of services including awareness creation, counselling, skill training, trade assessment, soft skills, language training, and culture immersion, Pre-Departure Orientation Training (PDOT), migration support services including travel, immigration documentation, etc. NSDC is the nodal coordination agency for managing the establishment of SIICs on behalf of MSDE.

NSDC is committed to supporting candidates in acquiring foreign language skills to enable access to global employment opportunities. Foreign languages act as a critical pathway for international mobility, as proficiency in the local language of the destination country—along with cultural and workplace awareness—significantly improves a candidate's prospects abroad. In this context, SIICs will facilitate access to high-quality foreign language training. To ensure consistent and timely availability of qualified trainers in multiple languages (English, German, Spanish, Japanese, French, Arabic and others), NSDC seeks to empanel vendors that can deploy skilled trainers across different locations.

In this regard, NSDC invites applications from suitable agencies with proposed models of engagement to explore partnerships for deploying qualified foreign language trainers across SIICs. The objective is to ensure access to high-quality language training for aspiring candidates, thereby equipping them with the skills required for global employment opportunities."

2) Objective
